

Form ADV Part 3: *Relationship Summary* JFR Financial Services, Inc.

Introduction

JFR Financial Services is an investment adviser registered with the U.S. Securities and Exchange Commission. We offer our clients investment advisory services. Clients should understand that the services we provide and fees we charge are different than those of a broker-dealer, and that it is important to understand the difference between the two. Free and simple tools are available to research firms and financial professionals at <https://www.investor.gov/CRS>, which also provides educational materials about investment advisers, broker-dealers and investing.

What Investment Services and Advice Can You Provide Me?

Description of Services: We offer the following investment advisory services to retail investors. (1) *Financial Planning & Consulting Services* which involve us creating a written financial plan for you and/or providing consultative meetings which cover mutually agreed upon topics. (2) *Asset Management Services* which involves us managing and trading your designated account(s). We will discuss your investment goals and design a strategy to try and achieve your investment goals. We will continuously monitor your account when providing asset management services and contact you at least annually to discuss your portfolio. Asset management services are provided on a **discretionary** basis, meaning we will have the authority to determine the type and amount of securities that can be bought or sold for your portfolio without obtaining your consent for each transaction. For more information about investment authority, please see **Item 16** of our **Form ADV Part 2A**. For more information about our services, please see **Item 4** and **Item 5** of our **Form ADV Part 2A**.

Limited Investment Offerings: We do not primarily recommend one type of security to clients. Instead, we recommend investment portfolios designed to be suitable for each client relative to that client's specific circumstances and needs. However, we are limited in investment selection in that we can only invest your account in securities which are available on your custodian/broker-dealer's platform. When providing you services, we do not recommend or offer advice on any proprietary products.

Account & Fee Minimums: There are no minimum investment amounts or conditions required for establishing an account managed by us. The minimum fee generally charged for financial planning and consulting services is \$900.

Conversation Starters: *Given my financial situation, should I choose an investment advisory service? Why or why not? How will you choose investments to recommend to me? What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?*

What Fees Will I Pay?

Description of Principal Fees & Costs: (1) *Financial Planning & Consulting* services can be provided under an hourly fee or fixed fee arrangement. Our hourly rates range from \$75 to \$500 per hour. Fixed fees are billed as either 1% of your gross annual income with a minimum fee of \$900 or project-based fees that range between \$700 and \$900. You will pay in advance a mutually agreed upon retainer that will be available for us to bill fees against for our financial planning services. Any unpaid fees are due immediately upon completion of the project. Any fees we charge for financial planning and consulting services will not cover the costs associated with implementing any recommendations we may make. (2) *Asset Management Services* fees are charged based on a percentage of assets under management, billed in advance on a quarterly calendar basis, and calculated based on the fair market value of your account as of the last business day of the current billing period. The annual fee will be based upon a fee schedule which ranges between 0.33% and 0.99%.

Because our fee is based upon the value of your account we have an incentive to recommend that you increase the level of assets in your account. When engaging us for asset management services, you will also incur other fees and expenses. The broker-dealer/custodian on your account will charge you transaction fees for executing trades in your account. You will also be charged internal fees and expenses by the funds we invest in within your account.

Additional Information: You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. For more information about the fees we charge and the other fees and expenses you will incur, please see **Item 5** of **Form ADV Part 2A**.

Conversation Starters: *Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

**What Are Your Legal Obligations to Me When Acting as My Investment Adviser?
How Else Does Your Firm Make Money and What Conflicts of Interest Do You Have?**

Standard of Conduct: When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means. (1) When we provide asset management services, we ask that you establish an account with Fidelity to maintain custody of your assets and to effect trades for your account. This recommendation is not based solely on your interest of receiving the best execution possible. We also recommend them because they provide us with research, products and tools that help us manage and further develop our business operations. As a result, we do not have to pay for such benefits, which save us money; however, these arrangements create a conflict of interest. (2) We receive expense reimbursement for advertising and marketing expenses from distributors of investment and/or insurance products which is a conflict of interest because it creates an incentive to recommend products and investments based on the receipt of this compensation instead of what is in the best interest of our clients. (3) Our representatives also serve as registered representatives of LaSalle Street, a securities broker-dealer. When acting in this separate capacity, the representative will receive commissions for selling securities which creates a conflict of interest. (4) Our representatives also serve as licensed insurance agents. When acting in this capacity, the representative will receive commissions for selling insurance products. This creates a conflict of interest when the representative recommends you purchase insurance products through him. (5) Some of our investment adviser representatives also provide tax preparation and accounting services. A conflict of interest exists whenever there is a recommendation to utilize the tax preparation and accounting services of our representatives.

Conversation Starters: *How might your conflicts of interest affect me, and how will you address them?*

Additional Information: For more information about our conflicts of interests and the ways we are compensated, please see **Item 5**, **Item 10**, and **Item 12** of our **Form ADV Part 2A**.

Do You or Your Financial Professionals Have Legal or Disciplinary History?

Neither us, nor our investment adviser representatives have a legal or disciplinary history to report. You can look up more information about us and our investment adviser representatives at <https://www.investor.gov/CRS>.

Conversation Starters: *As a financial professional, do you have any disciplinary history? For what type of conduct?*

How Do Your Financial Professionals Make Money?

Description of Salary/Payment of IARs: We compensate our investment adviser representatives based on the level of assets that the representative brings in to us. This creates a conflict of interest as it gives your representative an incentive to recommend you invest more in your account with us due to the potential for increased payments.

Additional Information About JFR Financial Services

Additional information about us and copies of our Form ADV Part 2A disclosure brochure and this relationship summary are available on the Internet at <http://www.jfrfinancial.com/>. You can also find our disclosure brochures and other information about us at <https://adviserinfo.sec.gov/firm/summary/124456>. If you have any questions or want an up-to-date copy of this relationship summary, we can be reached by phone at (734) 692-1421.

Conversation Starters: *Who is my primary contact person? Is he or she a representative of an investment adviser or a broker-dealer? Who can I talk to if I have concerns about how this person is treating me?*

Amended Form ADV Part 3: *Relationship Summary*
